### COMMISSION SETS FOR HEARING NEXT MONDAY REQUEST FOR LOWER RATES

Readjustment of Charges for Velvet Bean Shipments is Being Sought

### UTILITY BODY IS FACING HEAVY DOCKET IN MAY

Ray Rushton's Petition for 10 Cent Rate is Before Unit Again

(Montgomery Bureau Albany-Decatur Daily.)

MONTGOMERY, Ala., April 29.—The citation of the Public Service Commission to all railroads in Alabama to show why there should be a readjustment of the transportation rates on velvet beans and velvet bean products will be considered by the commission at its May meeting which will begin Monday. Producers and shippers of velvet beans have complained that there is no general market for their products now because of the high freight rates. In some instances, according to the complaints the transportation charges are greater than the market value and that producers actually lose money on every sale.

At the same meeting the commission again will consider the petition of Ray Rushton, receiver of the Montgomery Light and Traction Company, for permission to establish the service-at-cost system in Montgomery. This petition was denied last week and Mr. Rushton requested permission to furnish additional evidence. The commission held that it did not have the power to establish a rate which contemplated the creation of a surplus to the company. Mr. Rushton proposed that the street car fares be ten cents until \$200,000 is created as an operating fund that the rate then drop to nine cents where it would remain until the fund was reduced to \$100,000 when the rate would automatically be increased. If the fund remained at \$200,000 for six months under the nine cent fare the charge would be reduced to eight cents and so on, the rate going up or down in accordance with the operating fund.

Other cases which will come before the commission at the May meeting follow:

Alabama Great Southern railroad, petition for authority to close agency at McConnell.

Alabama Great Southern, petition for authority to close agency at Colbran.

Alabama Great Southern, petition for authority to close agency at Crudup.

Alabama Great Southern, petition for authority to close agency at Argo.

Citizens of Spring Garden versus Southern railway, petition for care-taker at that point.

Mobile and Ohio, petition for authority to close agency at Red Feather.

J. J. Dunnivant versus Atlanta Coast Line, petition for better rates on cord wood from Clintonville Switch to Enterprise and for reparation.

Southern Railway, petition for authority to discontinue passenger service between Jefferson and Blossburg. (This petition was granted several weeks ago but was reopened by the commission.)

Sloss-Sheffield Steel and Iron Company versus St. Louis and San Francisco railroad, petition for establishment of coking-in-transit rates.

Business Better.

As an indication that business conditions in central Alabama are improving, announcement was made today that the Wizard Investment Company of Mobile, which has been out of the real estate market for several months, has begun the purchase of farm lands in Montgomery county again. During the past two years this company has invested about \$500,000 in Montgomery county farm lands but retired when the financial stringency came about six months ago.

Local agents of the company have just completed negotiations for the purchase of a tract of 963 acres on the Woodley Road, paying for it \$27,000.

Champions of Northern Section meet champions of Southern Section for state championship.

Players are limited to members of the Kiwanis club, according to the announcement of the league officials.

WOMEN ORGANIZE ANNUAL CONVENTION OF BAR ASSOCIATION HELD IN MAGIC CITY

(International News Service)

BIRMINGHAM, April 29.—The forty-fourth annual convention of the Alabama Bar Association opened this morning with J. Kelly Dixon, of Talladega, president in the chair.

The morning session was taken up with the opening address of President Dixon, reports of the treasurer, the executive committee and the council, followed at noon by a talk on "The Philosophy of the Law" by L. E. Jeffries.

A feature of the afternoon session will be an address by Thomas E. Orr on "Does Alabama Need a new Constitution?"

L. M. Moseley and J. M. Foster are scheduled for addresses during the afternoon session. Several committee reports also will be received.

Tonight the association has been invited to attend a smoker at the home of H. U. Sims here. The convention will close Saturday afternoon.

LOCAL DELEGATES TO A. F. L. CONFER

Announcement is made that all the regularly elected delegates to the Alabama Federation of Labor convention which convenes in Albany Monday morning May 16th, will meet Saturday night at Carman's Hall on Second Avenue at 7:30 o'clock. Any delegate who cannot be present was requested to so inform his craft chairman by Saturday morning. Certain preliminary action, that must precede the convention, will be taken at the Saturday night meet.

NEW AD PLAN IS TO BE DISCUSSED

A big feature of community advertisers' meetings at the Associated Clubs Convention in Atlanta June 12 to 16, is the "Court of Inquiry on Co-operative Retail Advertising for the Small Town."

In this "Court of Inquiry" eleven "witnesses" will bear testimony to the success, in their towns, of the Neosho Plan of Co-operative Advertising. The plan originated several years ago in Neosho, Missouri, and now operating, with dollar-getting results, in a large number of communities throughout the Middle West and East.

A C. McGinty, of Neosho, one of the originators of this plan, will be first witness, and give first-hand information on the methods employed in his town, with such marked success, to build and hold trade.

The outline which the Associated Clubs have given of the five meetings of the community advertisers, offers a wealth of ideas to the advertising club or board of trade seeking to find a way to promote the prosperity of its community.

BIVENS MURDER TRIAL UNDERWAY

(International News Service)

BIRMINGHAM, April 29.—Dave Lattimer, star witness for the state against Charles Milligan, one of those charged with killing John Bivens, near Quinton, several weeks ago, took the stand here today and told of the killing. Mrs. Bivens, wife of the dead miner, Coroner J. D. Russom and a number of other witnesses, were examined during the morning.

Bivens, it was alleged in the testimony, had returned to work before the mine strike was settled, and incurred the enmity of Milligan and W. B. Neville, who is also charged with the murder, both of whom are mine union presidents. Lattimer's whereabouts and been unknown, except to the sheriff and had not been seen for sometime until produced for the trial.

The trial halted before testimony of Lattimer was well under way, over technicalities involving about witnesses.

### ONE MAN STREET CARS BE REALITY IN TWIN CITIES ON THE FIRST OF MAY

Commission Grants Request of the North Alabama Traction Company

### CUTS THE OPERATING EXPENSES ABOUT

Twelve Men Will be Thrown Out of Employment by Order

One man street cars will become a reality again in Albany and Decatur on May 1. Word was received here Friday afternoon from the Montgomery bureau of The Daily that the Alabama Public Service Commission has granted the petition of the receiver for the North Alabama Traction company to operate one man cars here.

Approximately twelve men will be thrown out of employment by the order and the company estimates about \$800 monthly will be saved in operating expenses.

All street cars here now are equipped with entrances through the front doors, on the right hand side of the car, these changes having been made several years ago when one man cars were operated on sections of the "loop" lines. It is understood the company is in position to make the change without delay on the date the commission's order goes into effect.

Senator Sterling, Republican of South Dakota, indicated his purpose to propose an amendment that would make it clear to Germany and to this country's associates in the world war that Congress, in seeking to pave the way for peace between the United States and the Central Powers, had no intention of interfering with the administration's policy respecting demands made on Germany for reparations.

Senator Hitchcock, of Nebraska, ranking Democratic member of the Senate foreign relations committee, and one of two others on the Democratic side, debated the resolution in the Senate today. The Senate, otherwise, marked time pending the final vote on the resolution tomorrow.

AMERICA PROCEEDS.

(International News Service)

WASHINGTON, April 29.—Though apparently fully informed of the attitude of the allies toward the German reparations proposal, the Harding administration today gave no evidence that it considered the task of mediation, undertaken by Secretary Hughes, a hopeless one.

Being of the opinion that the main point involved is whether the Berlin offer forms a proper basis for negotiations, rather than whether it is acceptable, this government takes the view that the door to mediation has by no means been definitely closed by the decision of France and Great Britain as to acceptability.

This view, it is understood, has been conveyed by Secretary Hughes to the allied governments in conversations held with them yesterday afternoon.

BRIAND CONFIDENT

(International News Service)

PARIS, April 29.—"I go to London in full confidence of an allied agreement and that we are finally going to settle once and for all the difficult matter of reparations," declared Premier Briand before he left Paris at noon today to attend the meeting of the supreme council in London.

Among the last conferences held here by the Premier was one with the minister of war.

WELL KNOWN NEGRO PHYSICIAN DROWNS IN BEAVER LAKE

Willis E. Steers, one of the best known negro physicians in Alabama, was drowned Friday morning in Beaver Lake, across the river from here in Limestone county. He had been fishing with a business associate and in some manner fell from the boat, going down before aid could be given him.

News of the death was brought here and grappling hooks were taken to the lake in an effort to locate the body.

The deceased was the founder of the Cottage Home Infirmary, the first hospital for negroes in this section and one of the first infirmaries in the Tennessee Valley.

During his life, he had been connected with many movements looking to the advancement of his race and he had many friends among the white people of the Twin Cities.

The body was discovered shortly after noon and brought back to Decatur. Funeral arrangements are being made.

\$103,000 Worth of Bonds Recovered

(International News Service)

NASHVILLE, TENN., April 29.—With the arrest of two men and the recovery of \$103,000 worth of bonds, the robbery of the G. W. Davidson bank at Auburn, Ky., was solved today, according to a long distance telephone message here. The prisoners were enroute from Bowders Station, where they were caught, to Russellville, Ky.

Ship Goes Ashore With 400 Aboard

BLOCK IRELAND, R. I., April 29.

The Portuguese steamship Mormugao carrying 450 passengers to New Bedford, Mass., went ashore in the fog on the west side of Block Island today.

The ship is apparently resting easy and is in no immediate danger. Wrecking tugs have been summoned and an attempt will be made to pull the Mormugao into deep waters at high tide.

WOMEN DISCUSS MANY SUBJECTS

(International News Service)

BIRMINGHAM, April 29.—Child welfare, public health and the moving picture problem were discussed by the morning session of the Alabama Federation of Women's clubs in their 26th annual convention here.

The award of the writers prize and the election of a library prize will be events of the afternoon.

The members will be the guest of the Music Study club tonight.

ULTIMATUM IS GIVEN PANAMA BY UNCLE SAM

WASHINGTON, April 29.—Another note to Panama, couched in such terms as to make it virtually an ultimatum, has been dispatched by this government, it was learned today. The note, it is understood, sternly admonishes the Panamanian government to accept the White award as a basis of settlement in her boundary dispute with Costa Rica, as demanded by this government in the previous notes that have passed between the two countries.

VISITING MINISTER DRAWS LESSONS FROM LOT'S WIFE

Interest continues unabated in the revival meeting in progress at the First Baptist church of Decatur. Dr. Porter the evangelist, preaches to larger audiences each succeeding day and brings increasingly inspiring messages. Last night he spoke on "Lot's Wife," and drew many valuable lessons from the experiences of the Lot family during its disastrous stay in Sodom. This afternoon Dr. Porter spoke on "Sanctification," and tonight his topic will be: "Not ashamed of the Gospel." Some of the things said by the distinguished visitor in the course of his sermon of last night are as follows:

### GREAT BRITAIN NOW READY TO BACK UP FRANCE IN FURTHER ADVANCE TO RUHR

Allies in Complete Accord that New Terms Are Unacceptable

### UNLIKELY TROOPS WILL MOVE UNTIL MAY 5

Reported Dr. Walter Simons is Preparing Another to Allies

By EARL C. REEVES, International News Service Staff Correspondent.

LONDON, April 29.—With the meeting of the inter-allied supreme council in this city but 24 hours away, the intimation came from Paris today that the eventual military occupation of Berlin, itself, may be suggested when the allied representatives assemble.

The allies are in complete accord that the Berlin indemnity proposals, as made to Washington, are not acceptable in their present form.

Great Britain stands ready to back up France should Marshal Foch order an immediate advance into the Ruhr district of Germany. The German proposals have not been formally transmitted from Washington to the allied governments, but they are fully known both here and in Paris.

It now appears unlikely that an advance of the allied armies into Germany would begin until the middle of next week, even if the supreme council sanctions this military penalty.

It was reported that Dr. Walter Simons was preparing another note to be transmitted to Great Britain in explanation of the indemnity offer.

The door is being closed to further negotiations unless Germany takes hasty action in meeting the original indemnity demands of the allies, including the payment of the 12,000,000,000 gold marks which the reparations commission claims due before May 1.

Hope that the United States will participate actively at the supreme council meeting is dwindling, although America may have an observer present to note the course of the negotiations for the information of the Washington government.

FRANCE WILLING

(International News Service)

PARIS, April 29.—France is still willing to discuss new indemnity proposals from Germany but "France must have firm guarantees and securities that Germany will meet her just obligations," it was announced at the foreign office today.

FREE PLAYGROUND OFFERED CHILDREN

That old unsightly, boggy spot on the south side of Lee street between 1st and 2nd avenues has been filled in and is being converted into a beauty spot—just an old pond reclaimed through the enterprise of B. L. Malone. He offers to the children of these cities this large open, level spot as a playground free of charge, where our boys and girls will have ample room for base ball, tennis, etc. Boys and girls all you've got to do is to take possession and enjoy the fun.

The old Albany jail has undergone also a transformation, and is now not only attractive but a most complete home. It fronts on Holly street, is surrounded by spacious lawns and hedges and will be another beauty spot as soon as the sunshine and April showers bring into life the seeds that have been planted. The building has been made a modern home in which modern conveniences have been placed. This is also due to the enterprise of Mr. Malone.

SPECIAL SERVICE

"Joseph Being Sold into Egypt" will be the subject of a special sermon at the Salvation Army meeting at the hall on LaFayette street at 8 o'clock tonight.

ROAD GETS MONEY.

WASHINGTON, April 29.—The Interstate Commerce Commission today certified to the Secretary of the Treasury that the Northern Alabama Railway company is entitled to \$80,000 under Section 209 of the transportation act.

A STRANGE SITUATION.  
DID HUGHES SAY TOO MUCH

The historian of the period in which we are living, will have strange facts to confront, as regards the latest effort of the Germans to cast aside their war debt. In the first place, that nation has appealed to the only nation in the world, with which she is at war, to settle her troubles with nations with which she is legally and actually at peace. It is difficult to see how the German statesmen reasoned. They could not have thought that this country wanted to settle the war claims for them, when we have definitely refused our late Allies in the war, when they have asked us to help them out of numerous difficulties arising from post war conditions.

We cannot possibly appeal for the Germans, when we have refused to do so for the Allies. It would seem clear from Mr. Hughes' latest note to Germany, that under no circumstances will we interfere in the controversy still on over the war indemnity. It is true that Hughes did say that he would consider transmitting any "proper" proposal the German government might make, to the Allies for their consideration.

Certainly, if it appears that we can benefit either party, but especially our Allies, it will become our duty to do our utmost, despite the fact that we are at war with Germany, and the fact that in the past have flatly refused to have anything to do with any war settlements. The blunt manner in which Mr. Hughes, in a former note to the German government, said that the Germans were morally responsible for the war, indicates that this government will do nothing without the full consent and approval of the Allied nations. But should the proposals of the Germans be adjudged suitable for transmission to the Allies, and we do send them, unless they are acted upon favorably by the Allied nations this country will be placed in a very delicate position. We will appear as in opposition to the judgment and wishes of our late Allies and as too willing to aid an enemy country. In view of such a possible turn of events, it would seem that Mr. Hughes would have pursued the "wiser course," to use one of Mr. Harding's expressions, if he had stopped his last note to the Germans, just where he positively refused to act as mediator between our former Allies, and our present enemies, and let the matter drop.

ALABAMA FARM WOMEN  
TAKE TO BEE CULTURE

The attention of Alabama farmers is being directed to the importance of bee culture as an adjunct to the farm business, county demonstration agents in a number of Alabama counties encouraging the organization of bee clubs in rural communities. Wives and daughters of farmers are taking a lively interest in bee culture, it is said, the industry being one they can look after without interfering with their other home duties.

The opportunity for making extra money by producing honey is an especially good one at this time and it is believed by bee men that many Alabama farmers and their wives will engage in the bee business more extensively as a result of the campaign being made by the county agents.

The bee clubs, it appears, are organized in connection with the gardening and poultry clubs. Organizations already have been formed in Coffee, Talladega, Blount and Perry counties and other counties in the state are taking up the work.

It is announced by the Extension Service that Miss Helen Johnston, district home demonstration agent for South Alabama, and Miss Elizabeth Mauldin, who is a specialist with bees, have made splendid progress in Coffee county, being assisted by Miss Pearl Jones, county home demonstration agent, and Superintendent of Education G. C. Bowden in conducting six demonstrations in transferring bees from undesirable boxes and gums to modern hives.

One advantage of the activity that is being carried on in the interest of bee culture is the introduction of more modern methods and more up-to-date hives. One apiculturist in Coffee county, as a result of modern methods, reported that he had taken as much as 100 pounds of honey from one colony during the year, and that one colony in a modern hive is worth as much as ten colonies in the old fashioned boxes and gums.

## MR. HOG TO THE FRONT

In the midst of the campaigns in Morgan county for diversified farming with particular reference to the advancement of the dairy and poultry industries, it would be well to remind ourselves that hogs still provide an excellent cash income to the farmers of the county.

The Troy Messenger recently printed a story regarding cooperative hog sales in Pike county, the sales netting the farmers of that county \$92,362.66. That amount represents the proceeds from 18 cooperative sales and three more are yet to be held, indicating that Pike farmers will receive something more than \$100,000 from the sales of hogs this season.

What other counties are doing, Morgan also can do. The Messenger says:

Six thousand, seven hundred and sixty eight hogs have been sold by Pike County farmers in cooperative sales in Troy this season.

These hogs brought an aggregate price of \$92,362.66, or nearly one hundred thousand dollars for hogs this season.

The average price received for tops has been \$7.97½ or just a fraction under eight cents.

Eighteen co-operative sales have been held this season, and three more are to be held.

The association has a membership of 450 members.

The figures are ascertained by the Messenger in an interview with J. E. Moses, county farm demonstration agent.

As a recent sale in Troy the sale price was 45 points higher in Troy than in Montgomery market for the day, 45 cents per hundred more than Montgomery was paying.

Farmers are giving stricter attention to their hogs, and it is believed that the sales next year will even eclipse those of this year.

## JAZZ IN THE ZOO

Jazz music was tried on the animals in the Central Park Zoo, in New York City, the other day, with instructive results. It was administered by what is described as "a good jazz band."

The lions immediately fell into excitement. "Ackbar, the big male lion, came to his feet with a leap, glaring around. Helen and Edmee, lionesses, and baby Hippomenes faced the cage of Ackbar, every hair bristling, and awaiting his opinion. It came with a roar that interrupted the music." The enraged lions, however, stopped thrashing around their cage when the band swung softly into "Lead, Kindly Light."

The polar bear retreated into his dark cave, trembling violently, when the band played full jazz. "Bedlam broke loose in the monkey house. Ringtailed and sloth monkeys shook their cage doors and screamed, chattered and raved, some with evident delight and some with wrath. Big, blue-nosed apes did jungle war dances, and Joe, the chimpanzee, wept bitterly." The wolves were scared nearly out of their wits. Then, when "The Sewanee River" was played, quiet fell.

These natural reactions at the zoo are richly suggestive as to the effects of jazz on human beings. The sense of outrage and indignation shown by the lions may represent the reaction experienced by normal men and women with an appreciation of real music. The monkeys behaved very much, on the whole, as misled human crowds often do in their larger cages, when an aggregation of jazz experts turns loose its jungle music.

Jazz, at best, is civilized music reverting to savagery—melody and rhythm depraved, and harmony jangled. Many a suffering music-lover will rise up to remark that that New York band had the right hunch—that jazz belongs in the monkey house, though its introduction there may not be quite fair to the animals.—Tuscaloosa News.

## NO ROOM FOR A RELIGIOUS DAILY

The demise of the American Daily Standard of Chicago after an undernourished existence of two months emphasizes the futility of trying to establish a religious daily newspaper on a commercial basis. The experiment has been made many times and, with one exception, with the same result—failure. The Christian Science Monitor has won out, but it owes its success more to the fact that it has specialized upon news rather than upon religious intelligence.

The New York World was founded in 1860 as a religious daily, but it was so indifferently supported by the Christian public that it would have been forced into bankruptcy had it not been converted into a purely secular newspaper. The American Daily Standard, the latest venture of this character, failed, as other similar ventures have failed because the public prefers to read the secular newspapers already established. It wants its news unflavored and undiluted. It believes in the integrity and the morality of the daily press and has no desire to be "preached" to or at seven days in the week. Secular newspapers have their faults but irreverence or a lack of religion are not among them.

With these facts in mind is it any wonder that the religious daily newspaper as such do not succeed? As long as the secular newspapers continue to give "all the news that's fit to print" in an impartial manner there is no room for a purely religious daily.—Editor and Publisher.

A friend of The Daily remarked the other day that it is foolish for so many people to lay such store by worldly goods. "None of them can take their money with them when they die," he said, "and many of them would get it burned up if they did."

Atlanta, Ga., April 29.—Refusal of  
Col. B. L. Bugg, receiver for the A. B.  
and A. Railway, to open negotiations  
with striking employees of the road,  
will be forwarded immediately to the  
United States railway labor board,  
it was announced here today by Val  
Fitzpatrick, chairman of the brother-  
hood committee. Col. Bugg declined a  
request for a conference, sent him  
by the unions, and declared the rail-  
road board has no jurisdiction in the  
present dispute since the road is in  
the hands of a Federal receiver.**L. N. Announces

## CITY ENTRANCES ARE UNDER GUARD

**BIRMINGHAM**, April 29.—Although strong precautions are still being maintained at Fairfield, a suburb, where 15 negroes are held, excitement has subsided somewhat. Four of the negroes held are declared by officials to be implicated in the attempted jail delivery Tuesday night when one negro was killed and a policeman wounded.

All entrances to the city are still being watched by officers and no arms permitted. This applies principally to Ingleswood, a negro section.

## County's School Board is Meeting

The Morgan County Board of Education is holding its regular meeting in Hartselle Friday. The board is composed of: John T. Kyle, chairman; Robert L. Garner, Thomas Crawford, B. L. Malone and T. H. Gunn. Many of the rural schools of the county have closed their 1920-21 sessions.

## A Banquet That Was Almost a Tragedy

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. S. M. Thompson in Albany, Owl Drug Co. in Decatur, and druggists everywhere.—Adv.

## PLANS ARE LAID FOR BETTER BUSINESS

(International News Service)  
**WASHINGTON**, April 29.—Big business united with the government today in a broad national program to foster and protect American industry against ruinous competition from abroad. Industrial leaders, called here by Secretary Hoover, to bring about unified action by American interests, voiced the support of billions of invested capital, in constructive measures proposed by the government for greater domestic and foreign trade development.

The meeting, arranged originally to aid reorganization of the Department of Commerce and to make it a more powerful agency to further American interests, developed a much broader scope.

## Road Program Approved.

The project agreement for the construction of the Birmingham-Montgomery highway through Shelby and Chilton counties has been approved by the federal district engineer here and has been forwarded to Washington for final approval. This agreement was delivered to the federal engineer by the state highway department last Saturday. The plans call for the expenditure of more than one million dollars in the two counties when the state has been able to match the federal highway appropriation. One-half of the total cost will be borne by the federal government and the other half by the state and counties.

It is proposed to construct a highway which will meet the needs of the heavy travel on this highway twelve months in the year and for many years to come. After the road has been constructed it will be maintained by the state, the counties establishing lateral roads which will connect their towns with the highway.

## Storm Victims Are Being Cared For

**JACKSON, MISS.**, April 29.—The dead buried and the sufferings of the wounded alleviated, Jackson and nearby towns are turning toward the financial assistance of the 200 or more families of the tornado torn Braxton where ten were killed Tuesday afternoon.

Tons of clothing and upwards of \$5,000 in money has been collected here through the Red Cross and daily papers for the relief of the cyclone victims and a mass meeting of citizens to outline further measures of relief will be held tonight.

Under the direction of national guard forces from Jackson, on the scene since midnight Tuesday, temporary houses are being constructed for those left destitute by the storm, but it will be months before anything like normal can come out of the splintered ruins.

## COTTON MARKET IS FAIRLY STEADY

(International News Service)

**NEW YORK**, April 29.—Considering the fact that cables were weak, the cotton market had a steady opening today, prices being from 5 points lower to 3 points higher. The demand came mostly from Wall Street and trade interests, while New Orleans and other Southern centers sold. Later, the list gradually worked lower under the pressure of the South and at the end of the first 15 minutes was about 7 points below the previous close.

## FEED THE GROWING CROPS

You cannot hope to beat the boll weevil if you do not feed your crops with fertilizer.

Fertilizer prices are low again. Make your labor pay you by using a liberal quantity of good fertilizer.

Our fertilizers are honestly made, and are quickly available. If you have already planted, give your cotton a side application early, so as to beat the boll weevil.

NEWS OF MOULTON  
AND LAWRENCE COUNTY

MOULTON, April 28.—(Special)—Lightning struck the barn of Wade Smith, a prominent farmer near Mount Hope, in the west part of Lawrence County, Tuesday night and killed three mules and one horse. The barn began burning but the flames were extinguished. The heavy loss to the farmer is all the more felt as only recently he had the misfortune to lose several other farm animals. Friends and neighbors are offering more to Mr. Smith in his loss for the good folk of that prosperous community not only know how to do this but are willing to do so.

John White, well known newspaper man, so long connected with the Moulton Advertiser, is here a few days this week from Knoxville. Mr. White may again, he says return to the old home town to live.

Mr and Mrs. Allen Farley attended the graduating exercises at Town Creek Tuesday evening.

Mr. and Mrs. Dan Gilchrist returned to Courtland Wednesday after

two or three days in Moulton where they had been called in the Gilchrist-Wann case.

Mrs. A. T. Wells, of Wheeler, was in Moulton early in the week.

Miss Ruth Stewart came home yesterday from Town Creek where she has been a member of the high school faculty for the session just ended. Miss Stewart has been connected with the school for several terms.

The pupils of the Moulton Public School gave an entertainment at the High School auditorium Wednesday evening that was appreciated by the patrons and friends of the school; examinations and promotions are being made during the remainder of the week.

The Grand Jury continues its investigations and many cases from all parts of the county are being examined.

## WHO WILL HELP?

"Will you help?" almost was changed to "Have You Helped" today as the total still climbed in the relief fund for destitute miners and their families in the Birmingham district.

Shall these people be allowed to starve, or will the people of Alabama rise to the occasion and do their duty. Women and children in the mine camps are reported to be in a serious condition for lack of food. Will the people of Alabama allow them to starve? The money raised here will do its bit toward alleviating their suffering.

LAST SUPPER ABOLISHED  
(International News Service)

BERLIN, April 29.—The "gallows meal" has been abolished in Saxony, according to a Dresden telegram received here recently. It is stated that owing to a shortage of food supplies the Saxon Minister of Justice is unable to continue the custom, which has been in force for more than a hundred years, of providing criminals with a luxurious dinner on the night before their execution.

Quality  
that shows in the baking

THINGS baked with Valier's Dainty Flour are so good they make your mouth water just to look at them. You can tell at a glance that they were made with extra fine flour. And they're even better than they look.

Try a sack of Dainty—you'll be surprised at the better baking it produces. Its economy will surprise you, too.

You won't waste Valier's Dainty Flour in needless, costly failures for it is milled from nothing but the white centers of the choicest soft winter wheat. It's reliable—you can depend on it today, tomorrow or a year from tomorrow. Besides, Dainty requires less shortening.

## AMERICAN NEWLY RICH IN EUROPE ARE THE BUTTS OF FRENCH HUMORISTS

(International News Service Staff Correspondent)

PARIS, April 29.—"The first man to be king was a poet, and the last king to rule upon this earth will, without doubt, be an American multimillionaire, who will buy a crown and a nation."

Clement Vautel, French humorist, thus sums up the conclusions of a host of French writers who have been having a lot of fun at the expense of American millionaires whose money is bolstering up ruined monarchies in Europe.

Official announcement of the engagement of young William Leeds to the Princess Xenia, niece of the King of Greece, has brought out all the time-worn jokes about Chicago porkpackers, who kidnaped daughters of bankrupt dukes, much to the delight of the dukes. The French papers recount all the adventures of Anna Gould with her Count-husband, the marriage of Helen Zimmerman, of Cincinnati to the Duke of Manchester and numerous other matrimonial alliances between American money and European titles.

**Title Hunters Scarce.**  
"We must admit that the Yankee millionaires are gaining ground rapidly," Le Petit Bleu. "In the past they were content to marry daughters of dukes, barons or counts whose coats-of-arms had lost their lilt edge ages ago. But since the war the American millionaire has become a valuable article of importation."

"Now we learn that one of President Harding's 'subjects' has announced his engagement with a princess—not a contraband princess, not a princess of recent nobility, not one of the kind of princesses that frequent our Paris night dancing clubs—but a real princess born in the shadow of a throne. They say that King Constantine first opposed the alliance, but that his hesitation was of short duration when he learned how much money young Leeds was bringing into the royal family."

**Needed His Crown Repaired**  
Vautel's version is slightly different. King Constantine pondered a moment, says Vautel, and frankly remarked:

"All right—my crown needs to be resoldered."

But, adds Vautel, there should be no objection to such alliances, providing one of the last "American kings" doesn't let his ambition run away with him and disturb Europe.

"After all," he writes, "one of these American kings of steel, or of pork or of celluloid collars is the equal either of a small or a great princess. Furthermore, it is only just to say that William Leeds is a fine boy and that, despite the money he is taking into the adventure, it was also a love affair. Europe may expect to see others of the same kind."

## Amusement

**NEW HART PICTURE**  
"THE TOLL GATE" A  
TALE OF THE WEST.

(Princess Today.)  
Black Deering, erstwhile bandit, diller and fearless hold-up man of the southwestern country, at a time when he had come to the conclusion that there was no good in humanity, found his faith restored, or, rather, discovered that he possessed such faith, when he met the first good woman in his life, since he left his mother's knee; and in the person of a sheriff who had set out to track him down, found that good is present in the most unexpected places.

The story of Black Deering's daring career will be seen on the screen at the Princess Theatre today when "The Toll Gate," William S. Hart's newest Paramount-Artcraft picture is exhibited.

Under the direction of Lambert Hillyer and photographed by Joe August, A. S. C., this picture is one of the most powerful dramas of life in the frontier lands that has ever been filmed. Mr. Hart is at his best, riding, shooting, wrestling with the devil of revenge, and finally coming to realize that the world is not all bad after all.

The Pinto pony reappears in this picture, which is an added source of interest.

## Departing Pupils Guests of Honor

Miss Turley teacher of Decatur Fifth Grade, and pupils will give a "May Day Party" in their school room this afternoon, from three to four in honor of two of the pupils, Miss Carolyn Fussell, who leaves Tuesday for High Springs, Fla., to spend the summer with her grandmother and Travis Fleming who leaves Monday for Ardmore, Okla., to make his future home.

## 8,000 KIWANIS ATTEND CONVENTION

CLEVELAND, O., April 29.—All rail and water routes will lead to Cleveland the latter part of June when 8,000 Kiwanians will journey here to attend the International Kiwanis Club convention. Already 8,000 Kiwanians have made transportation reservation, it was announced at convention headquarters, which have been opened in Cleveland.

Here are a few of special trains and chartered steamers, which various Kiwanis clubs have arranged for: Special train, from Fort Worth, Tex., bringing 150 delegates.

Special train, from Atlanta, Ga., and other southern cities bringing 150 delegates.

Special train, running via St. Louis, Peoria, Ill., Indianapolis, Ind., and Cincinnati, O., bringing 150 delegates. Pullman cars, from New Mexico, Colorado, Wyoming and Utah, arriving June 20, bringing 50 delegates. Leaves Denver June 17.

Chartered steamer, "The Tionesta" leaving June 15, in the evening of June 15, bringing several hundred delegates from Duluth and nearby cities.

Chartered steamer, from Buffalo, bringing 300 delegates from eastern Pennsylvania cities, arriving June 20.

Chartered steamer, from Buffalo, bringing at least 100 delegates from New England cities.

Chartered steamer, arriving June 21, bringing 900 delegates from New York state.

Ten-car special train, bringing 250 delegates from Pawtucket, R. I.; Portland, Me.; New Haven, Conn.; Springfield, Mass., and other New England cities.

In addition to those special trains and boats, there will be thousands who will come in smaller bodies. Many will drive here by automobile. Of these, 125 will come from New York towns. Other auto delegations are to come from Indiana cities. The Richmond, Va., delegates plan to take the boat as far as possible and complete the trip by rail. Many clubs are planning pleasure trips in connection with the convention trip and are arranging for stop-overs, coming and going.

## NEWS OF HARTSELLE

Mr. and Mrs. Orin Hutchinson, of Birmingham, were here this week, Mrs. Hutchinson being called to see her father Judge W. B. Lindsey who was quite sick.

Judge W. B. Lindsey, who has been very ill, is much improved.

Mr. and Mrs. H. L. Spencer, of Albany, were here this week.

A permanent organization of a Commercial Club was effected here last night, officers elected, constitution and by-laws adopted and is now ready for business. The following will guide the destiny of the new organization for the year beginning May 1st.

President, Dr. A. M. White.  
Vice-president, John R. Sample.  
Treasurer, E. F. Mittweide.  
Secretary, R. A. Burleson.  
The organization enrolled twenty eight members, and the yearly dues were placed at twenty-five dollars.

C. C. Doss returned from Nashville, Tenn., today after spending several days with Paul Doss who is at the Barr infirmary recovering from an operation for appendicitis.

"A Kentucky Belle," was presented at the Morvan County High School by the students of the school.

Miss Sue Ella Rice returned today to her home at Eutaw. Miss Rice was one of the efficient teachers at the public school the present term, in charge of the fourth grade.

M. D. Wiggins returned today from Montgomery where he had been in attendance on the state tax meeting in that city.

Mr. and Mrs. J. Burleson Orr are visiting friends at Birmingham.

Several from here have been attending the entertainments given at Falkville this week by the students of the Falkville Normal College. Graduates of the school have been brought to light many boll weevils and the reports are coming from all sections. Many finding them safely hidden away in their feeding seed that they have been using. Great apprehension is felt that no cotton scarcely will be matured in this section. The fertilizer has been greatly curtailed, and on the red lands planters say that cotton will not mature to any appreciable degree without it. This emphasizes that fact that the

weevil does not eat hay and corn plants and other farm products, and the large planting of these things will reward the farmer, whereas the planting of cotton on the sure land is a costly experiment.

outing exercises of this institution will be held tonight.

The following teachers of the public school left today for their respective homes: Miss Cook, Miss Hargett, Miss Benson, Miss Elkins, Miss Morrow, Miss Gardner, Miss Lucile Bailey. The last named being the efficient music teacher this term, and her services have been retained for another term.

The executive committee of Camp Friendship will meet at Hartselle May 7th, for the purpose of electing delegates to the state reunion at Anniston May 18-19.

Mrs. W. B. Lindsey has returned to Birmingham after a visit here this week.

## "EVERY MAN"

YOU, YOU, YOU.  
Every man including women and children in his place Sunday morning. The whole family is expected. Revive the old time family pew. Fill your place. Do your own work. Do not be a Spiritual Tramp.

Sunday is the first anniversary of the pastor at the Decatur Baptist Church. A year ago there were 50 in attendance at the Bible School. Last Sunday there were 185. Every member of every family of our name is expected to be present on time Sunday morning at 9:30. All others not in some Sunday School are cordially invited to join our school. We are growing. Our work is a success. Our aim next Sunday is 200 or more. Help make this possible. THE NOW, THE PRESENT is your only time to do your life work. Tomorrow may not dawn for you.—Adv. 29-2t
